# INTRODUCTION

Beginners have lots of questions about sex; how to do it, where to do it, what to talk about before, during and after and even how often to do it. You are certainly not going to find the answers to these important questions if you're dumb enough to waste time reading the introduction to books. This stuff is just filler material, intended to make the book pages come out an even number. Pay the man at the cash register the money, if you haven't already, and let's get down to business.

# VIRGINS

People reading a Beginner's Sex Manual are likely to be virgins. What is a virgin anyway? A virgin is someone who never romped naked in a large wooden tub full of cocoa butter; someone who never lost themselves to total abandonment in the arms of a panting lover; someone who never experienced a crashing orgasm under a romantic silken canopy; someone who never awoke with a funny little rash in a very private place.

# HOW TO TELL IF YOU ARE A VIRGIN

1. When all your friends lie about their sexual exploits and conquests, do you lie also?
2. When reading the fictional letters to the editor in sex magazines, do you figure you could make up ones just as good?
3. Do your steamy fantasies about sex always remain fantasies?

# HOW TO TELL IF YOU ARE A VIRGIN

4. When you see an attractive member of the opposite sex, do you imagine some more intimate associations? Does it always stop with your imagination?
5. If you fill out sex questionnaires, do you exaggerate outrageously?

If your answer to these questions is YES, not only are you a virgin, but you are about the same as the rest of us. Sex is talked about much more than practiced. Anyone who practices it more than he or she talks about it is usually some kind of pervert.

# NEVER FAIL TECHNIQUES FOR LOSING VIRGINITY: FOR WOMEN

It's easy. Simply believe the guy you're with when he says:

1. I promise I'll respect you.
2. The cabin has twin beds.
3. These sleeping bags don't zip together.
4. I swear I won't tell anyone.
5. If we don't, I won't be able to stand up long enough to take you home.
6. Having sex is what brings adolescent acne to an end.
7. I've had a vasectomy.
8. Honest, it'll make your boobs bigger.
9. But no one wears a bathing suit in the hot tub.
10. You'll get the job.
11. I promise I won't go all the way.
12. If you don't have sex by 18, you can't have orgasms past 25.

# NEVER FAIL TECHNIQUES FOR LOSING VIRGINITY: FOR MEN

Pay for it.

# WHEN IT'S YOUR FIRST TIME EVER

When it's your first time ever, you have many things to think about. Will this be a special experience I'll remember for the rest of my life? Will I be an adequate lover? Should I use my real name?

# WHEN IT'S YOUR FIRST TIME EVER

Since it is your first time ever, you can't waste your time worrying about details of etiquette such as: Which one of us should get on top first? Does frisking my date count as foreplay? How much should I tip?

All these questions have been answered in this book. You should keep a copy of it under your pillow, right next to your ball of rawhide and can of Crisco. I do.

# WHEN IT'S YOUR FIRST TIME WITH A PARTICULAR PARTNER

When it's your first time with a particular partner, there are many things to think about. Will this be a special experience I'll remember for the rest of my life? Will I be an adequate lover? Can I get this person to believer my cellulite pockets are really dimples?

# WHEN IT'S YOUR FIRST TIME WITH A PARTICULAR PARTNER

You can't waste your time worrying about details of etiquette, like: Can a woman have sex without first going into the bathroom and running the water for 15 minutes? Is it OK to use braille to get to know my blind date? How can I get out of it gracefully if I fart? All these questions have been answered in this book. You should keep a copy of it under your pillow, right next to your lace handcuffs and box of exploding dildos. I do.

# WHEN IT'S YOUR FIRST TIME WITH A PARTICULAR SPECIES

When it's your first time with a particular species, there are many things to think about. Will this be a special experience I'll remember for the rest of my life? Will I be an adequate lover? What if I get hoof and mouth disease?

# WHEN IT'S YOUR FIRST TIME WITH A PARTICULAR SPECIES

You can't waste time worrying about details of etiquette, like: Is it proper to serve red or white wine with Puppy Chow? What's the best way to explain the tusk marks to my friends? How can I use this creature to get to Lassie?

None of these questions have been answered in this book. What do you think, we don't have standards? Better you should keep a copy of King Kong under your pillow, along with a whip, a chair and a bucket of live bait. I would.

# THE BASICS OF SEX

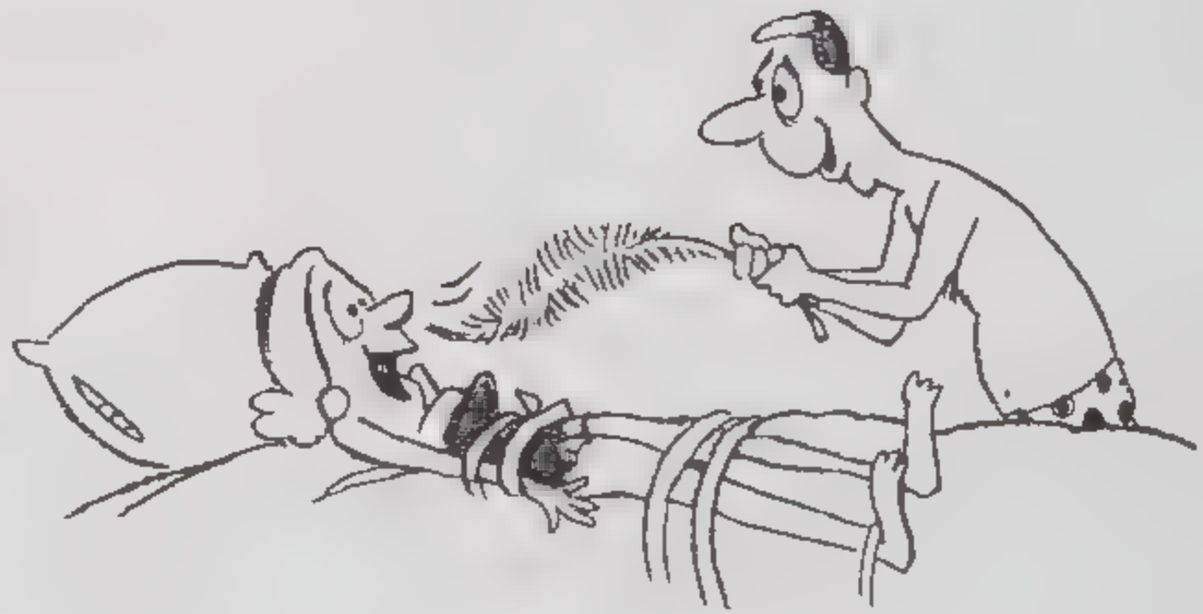
Admit it, you've been having sex by yourself for years under the sheets and in the shower and other secret places I can't bear to mention. Having sex with a real person is pretty much the same, only you don't have to fantasize as much—at least at first.

# THE BASICS OF SEX

For you women, beginning sex has an added feature. It's pretty much the same as playing with yourself only you don't climax.

# MAKING SURE YOUR PARTNER IS THINKING ABOUT SEX

Sometimes you cannot be certain if your partner is thinking about sex. Sometimes your date will be thinking about municipal bonds, or Bible school or the tensile strength of the Brooklyn Bridge and not about the frenzied and steamy first-time love-making that you imagine is about to take place. Such a misunderstanding can result in embarrassment and the possibility of a sudden profusion of small caliber entry wounds.



# MAKING SURE YOUR PARTNER IS THINKING ABOUT SEX

"Does this mean the preliminary portion of our romantic interlude has been completed?"

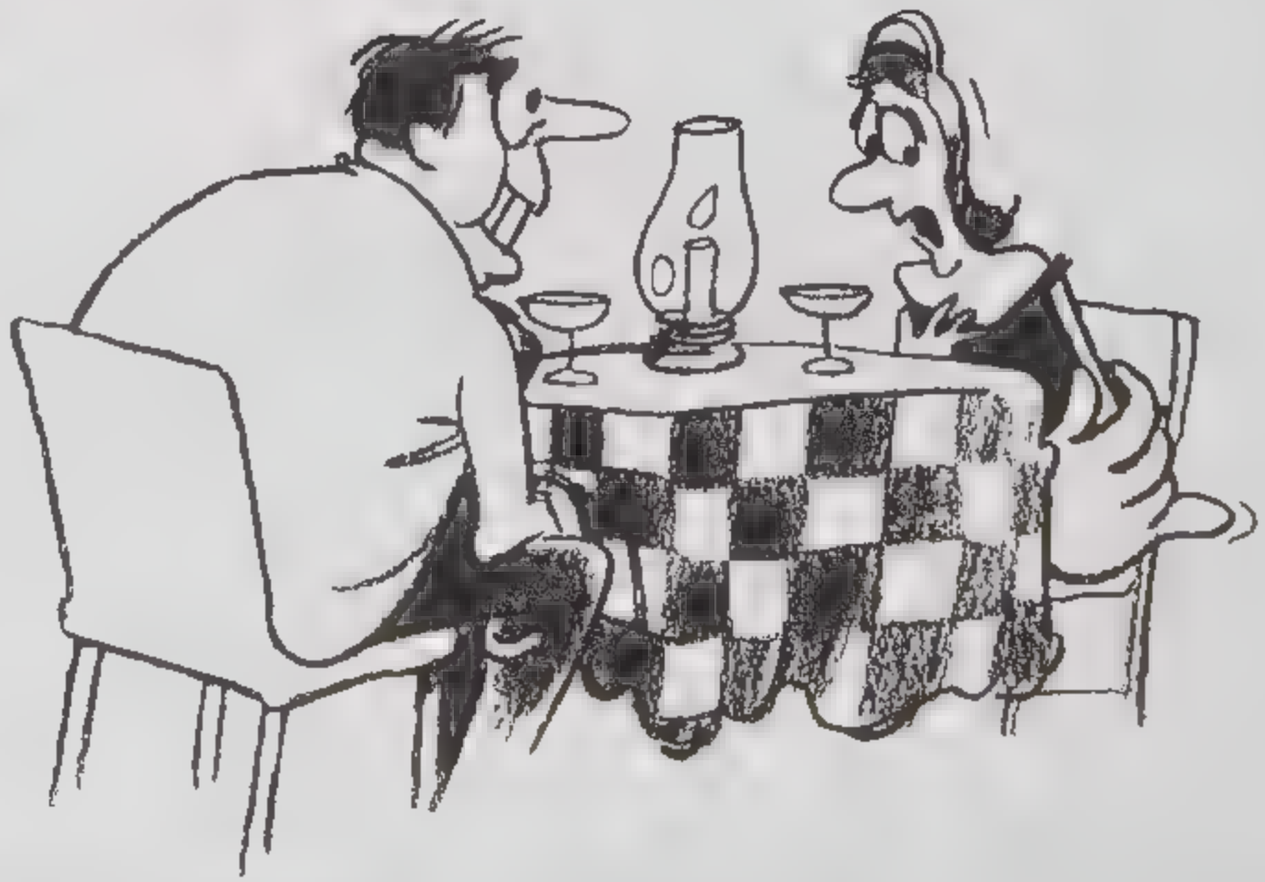
It's easy to tell if your partner is thinking about sex if he is a man, because men are always thinking about sex. With women, you have to wait for one of The Five Foolproof Signs.

**The Five Foolproof Signs**

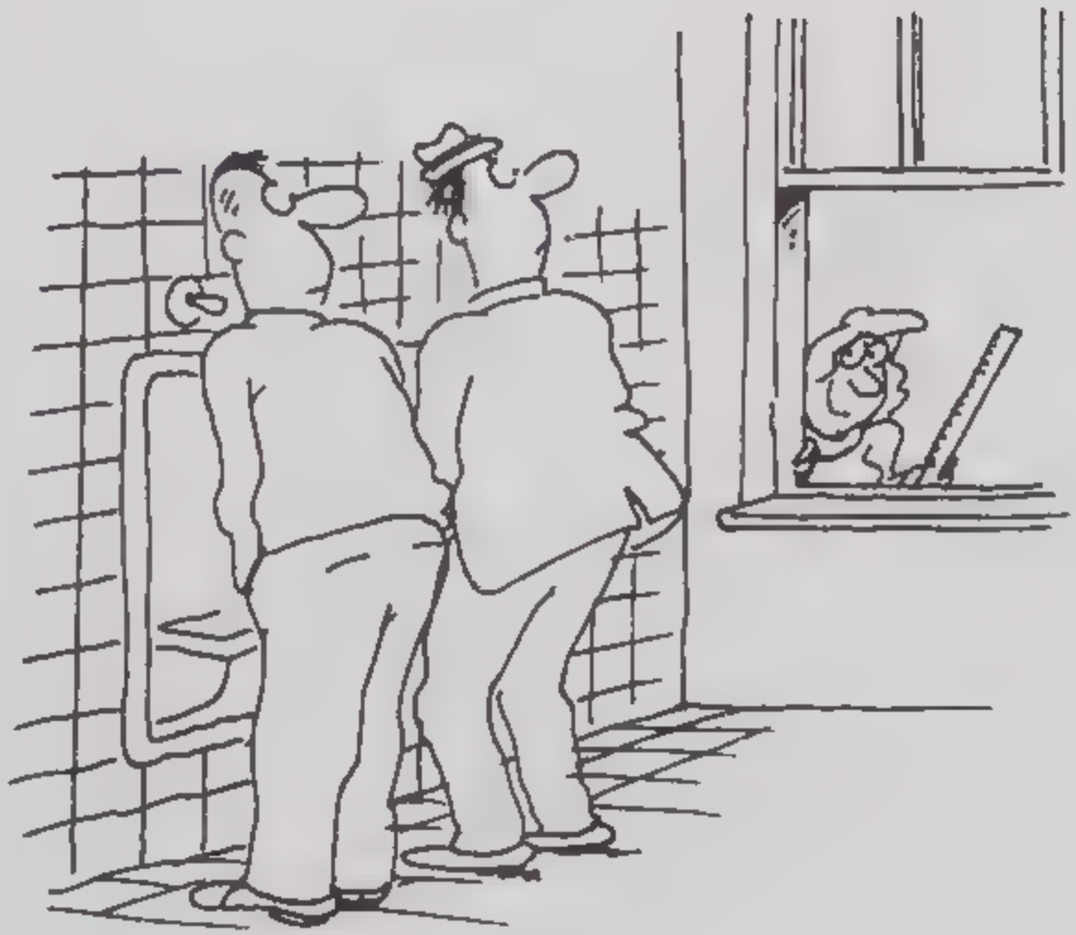
1. She agrees to let you give her a massage.
2. She takes a shower with you.
3. She puts her hand in your lap.
4. She puts a condom in your lap.
5. She puts a condom on you.

# GETTING TO KNOW YOUR PARTNER

One way to get to know your partner is a long and tedious process where you have to ask a lot of questions. Where are you from? Does your father make a lot of money? What's your sign? Want to go back to my place and try on corsets? ...then pretend to be interested in the answers.



# GETTING TO KNOW YOUR PARTNER



A better way is to slip directly into what used to be called necking and light petting. You should be looking for these five things.

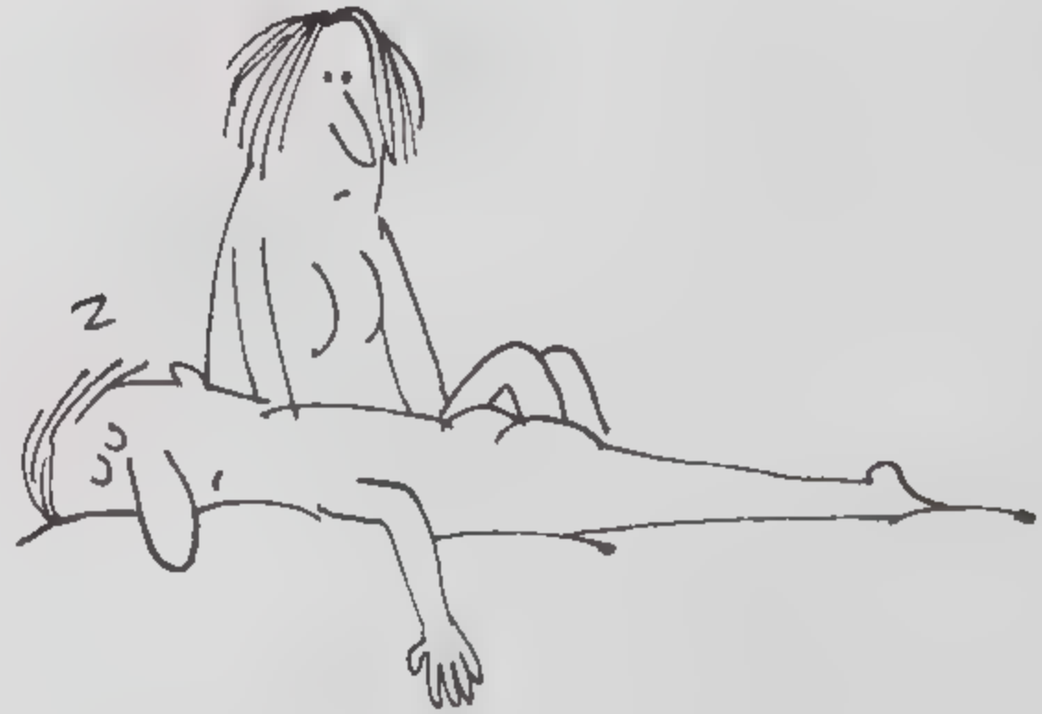
1. Scar tissue from a thigh tuck, a tummy tuck or a tushie tuck.
2. Needle tracks.
3. Signs of a sex change operation.
4. A tattoo that reads, "God bless sheep."
5. A concealed wedding ring.

**Finding any of these means two things:**

1. Your partner is a contemptible degenerate.
2. You can probably skip right to heavy petting.

# BASIC SEX PRINCIPLES:
# WHY MEN ARE BETTER AT SEX

Men can come in 43 seconds and then roll over and go right to sleep.

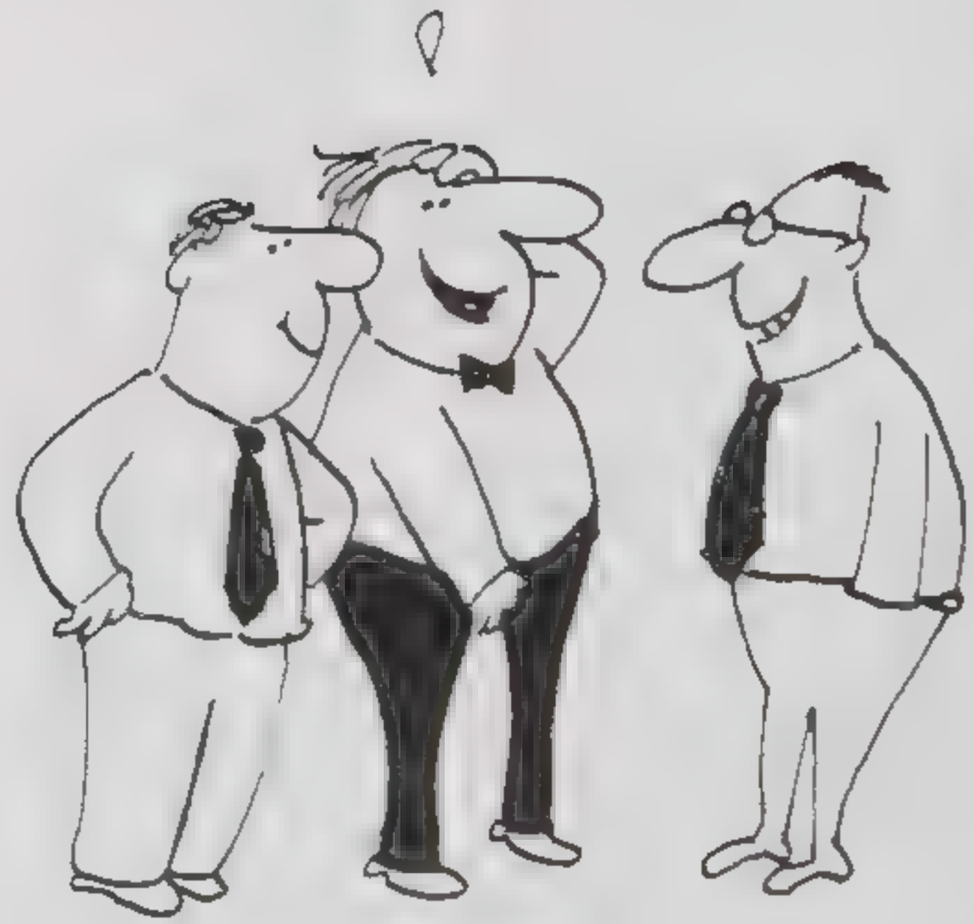


# BASIC SEX PRINCIPLES: WHY WOMEN ARE BETTER AT SEX

Women can come 26 times and then want to stay up all night talking about love.

# WHAT MEN LIKE BEST ABOUT SEX

1. Telling their friends.
2. Getting to see lots of naked women.
3. Coming.

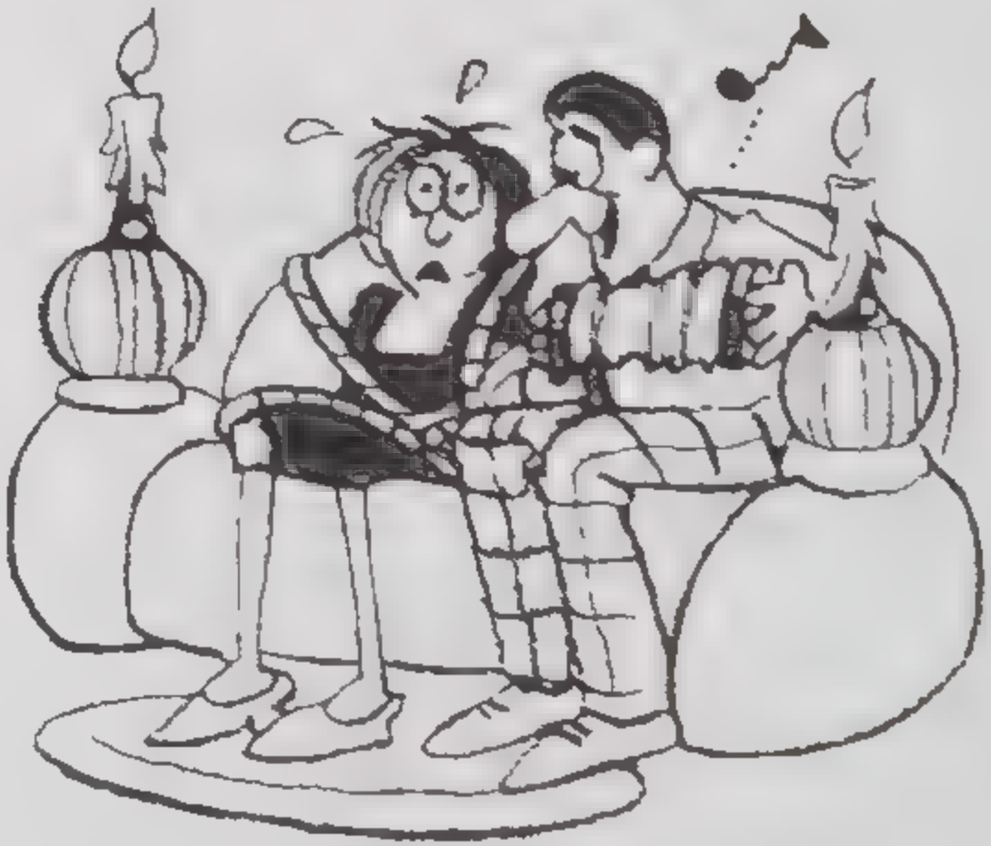


# WHAT WOMEN LIKE BEST ABOUT SEX

1. Feeling loved.
2. Coming more than their partner.
3. Seeing their partner droop afterwards.
4. When it's over.

# SETTING THE STAGE FOR SEX

An important part of preparing for first-time sex is setting the stage. You can't act like a pig and just start to rip off your date's clothes. You have to create an ambiance that will make the act irresistible, inevitable and undeniable. You have to set the stage with the soft, aromatic light of fragrant, tapered candles and the poignant, evocative strains of smouldering gypsy symphonies.



# SETTING THE STAGE FOR SEX

"Not wasting too much time on foreplay, I notice."

You have to create a feeling of sensuality and a mood of surrender, an air of anticipation and a sense of yearning, a highly charged atmosphere of pending fulfillment and an aura of intimate discovery. Only then, when the hot wax of lust is dripping and the urgent rhythm of desire has built to a crescendo of thunderous intensity, can you act like a pig and start to rip off your date's clothing.

# WHEN SEX IS ABOUT TO HAPPEN

Sometimes, even though you have properly set the stage, it is uncertain that you are about to score. "What if I'm about to make a terrible mistake?" you ask yourself. "What if that look of expectant surrender in my date's eyes is only gas?" What you need is to wait for The Magic Moment. It is in this moment that you will see one of the Five Never-Fail Indicators that you're about to score.

# WHEN SEX IS ABOUT TO HAPPEN

You can be sure you're going to score:

1. the moment your date's underpants hit the rug.
2. the moment your date hits the rug.
3. the moment your date's hips begin undulating out of control.
4. the moment your date begins to talk about insatiable biological needs.
5. the moment your gun clears the holster.

# IS THERE SOMETHING YOU HAVE TO TELL ME?

These are strange times. It used to be, you could meet a nice person, have a nice time and a few weeks later have a nice collection of memories to look back on. Today, you meet a nice person, have a nice time and a few weeks later, your thingie falls off. So, before you have first-time sex, you have to check out the other person to make sure you will not get a terrible disease. The way to do this is to be sincere and straightforward.

# IS THERE SOMETHING YOU HAVE TO TELL ME?

The simple, sincere and straightforward way to find out if your date has an unspeakable disease is to look that person right in the eye and say, "Is there something you have to tell me?" This works about two percent of the time, since, if the disease is unspeakable, your date will not want to speak about it.

# GOOD THINGS TO SAY BEFORE SEX

Oooh, it's so big.

Please be gentle.

I've had a vasectomy.

Of course I love you.

I've never done this before (women).

Feel my breasts—that's good—
harder, harder, slower.

# BAD THINGS TO SAY BEFORE SEX

Isn't that cute.

I've never done this before (men).

Is $50 OK?

I thought it would be, well, you know, bigger.

# A PENETRATING LOOK AT BIRTH CONTROL

Many people facing a first time encounter ask, "Who should be responsible for birth control?" Many assume it should be the woman. "After all," they say, "she's got the most to lose because if anything happens, the man will slink away like a dog and pretend he doesn't know her."

# A PENETRATING LOOK AT BIRTH CONTROL

Others say, "It should be the man. Why should women have to do all the work?" We say, "It should be the woman, because if anything happens, the man will slink away like a dog and pretend he doesn't know her."

# THE FANTASY OF FIRST TIME SEX

Your eyes lock. Your hands touch. Your souls melt. Your lips meet. Somewhere, angels sing. A silver bell peels. Birds take wing. A voice cries out. Lightning flashes. Thunder fills your heart. The cattle grow restless. There is a stampede. Then exhilaration. Then peace. Your need rekindles. Passion blossoms. You embrace. Your melted souls intertwine. Your bodies fuse. You hammer at your desire. You scream out your lust. Neighbors pound on the ceiling. Someone calls the cops. They bring the jaws of life. But nothing can part you. You explode in release. Then you sleep.

# THE REALITY OF FIRST TIME SEX

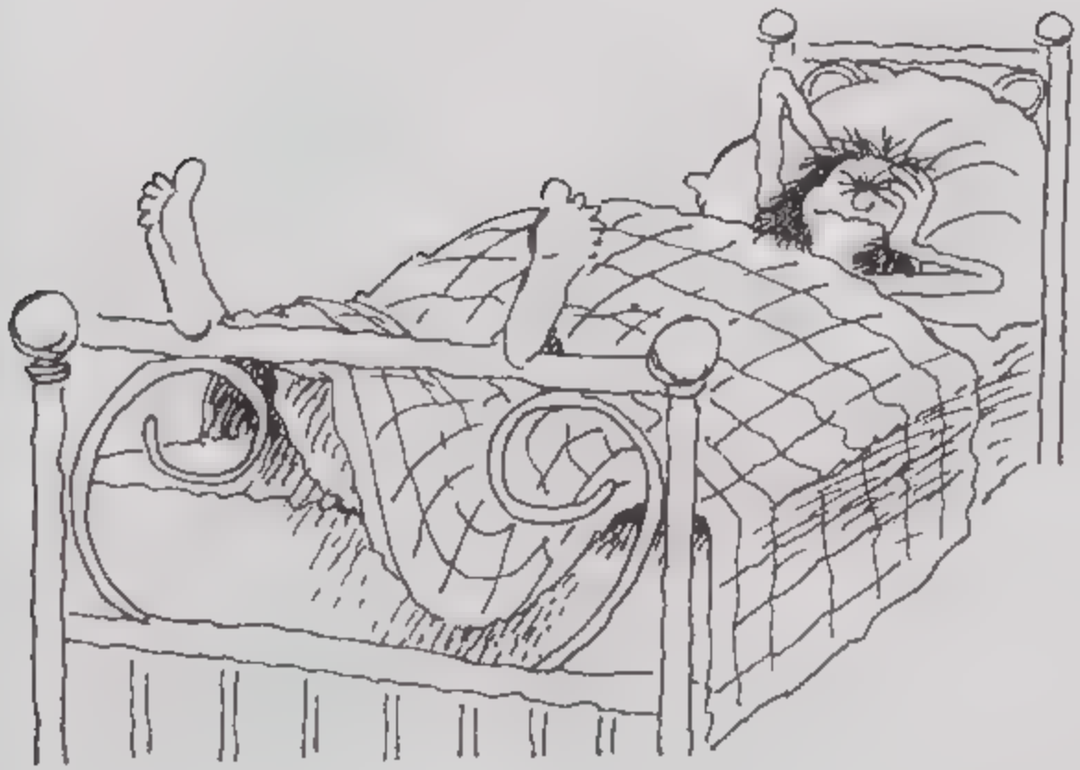
Your eyes water. Your zipper sticks. Someone belches. Clothes tear. You throw out an elbow. Someone grunts. There is a threat. Hands fumble. Promises are made. You look for the door. It's over fast. You wallow in disappointment. You pass out. You awake in a stupor. The sheets smell like catfish. Your date looks like a cheetah. You lurch for the bathroom. Your shin hits a chair. You curse like a trooper. The cat claws your leg. You shower together. The bathtub is filthy. You start to make love but lose the hot water. You move to the couch for a dry grinding encore. Your date fakes a climax, then goes to sleep.

# THE FANTASY OF FIRST TIME SEX

It is dark when you awake. You send out for pizza. You are too sore to walk. There is gentle probing. You jockey for position. You nuzzle in affection. You are tender. You are savage. You are silly. You are a silly savage. A bond builds. This is good. You like bondage. You play games. You get into leather. You marry. The bride wears suede. The guests throw rawhide. You all fool around. Later, together, you remember the moment—the locking, the touching, the melting, the meeting, the peeling, the winging, the crying, the flashing, the thundering, the stampeding and the spiritual peace, and you weep together in happiness.

"Honey, that was wonderful."

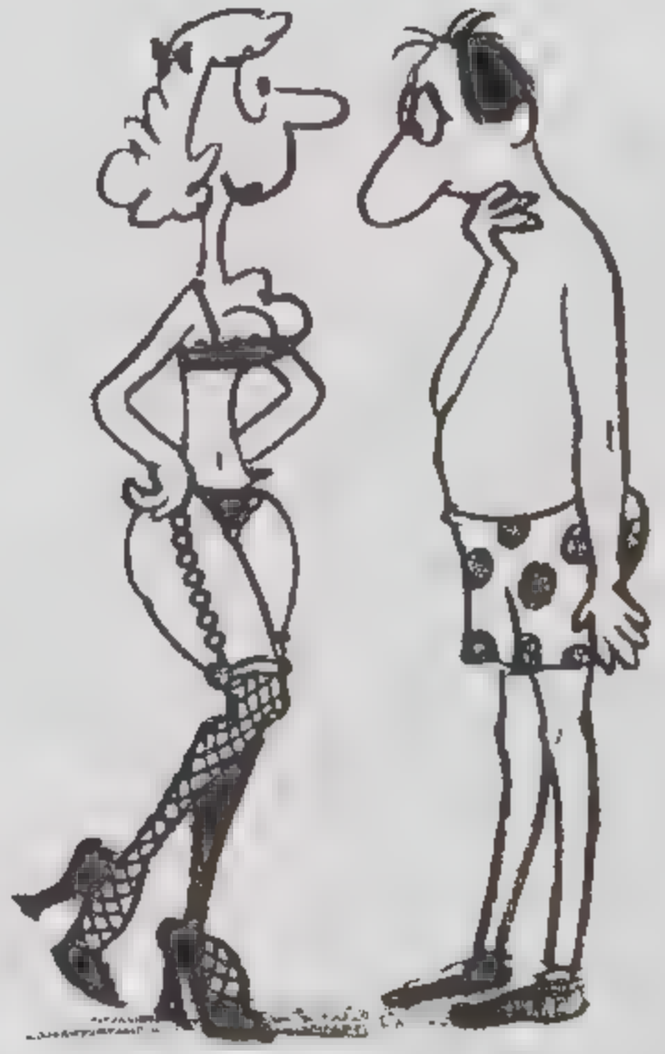
# THE REALITY OF FIRST TIME SEX



You feel cheap and used. You can't find your car keys. You try to sneak out, but knock over a plant. Your date is enraged and threatens to sue. What did you ever see in this spaceshot? Later, drinking cheap wine alone in your kitchen, you remember the moment—the belching, the tearing, the elbowing, the threatening, the fumbling, the disappointment, the smell, the cheapness, the selfishness, the craziness, the ugliness—and swear off sex for the third time that week.

# WHAT UNDRESSING CAN TELL YOU ABOUT YOUR PARTNER

What can removing your clothes tell you? Plenty, if you know what signs to look for. It is a good sign if once your clothes are removed, your date takes the time to put them on a hanger. This means your date is caring, considerate and looking for a relationship that will last. You can count on still being there in the morning.



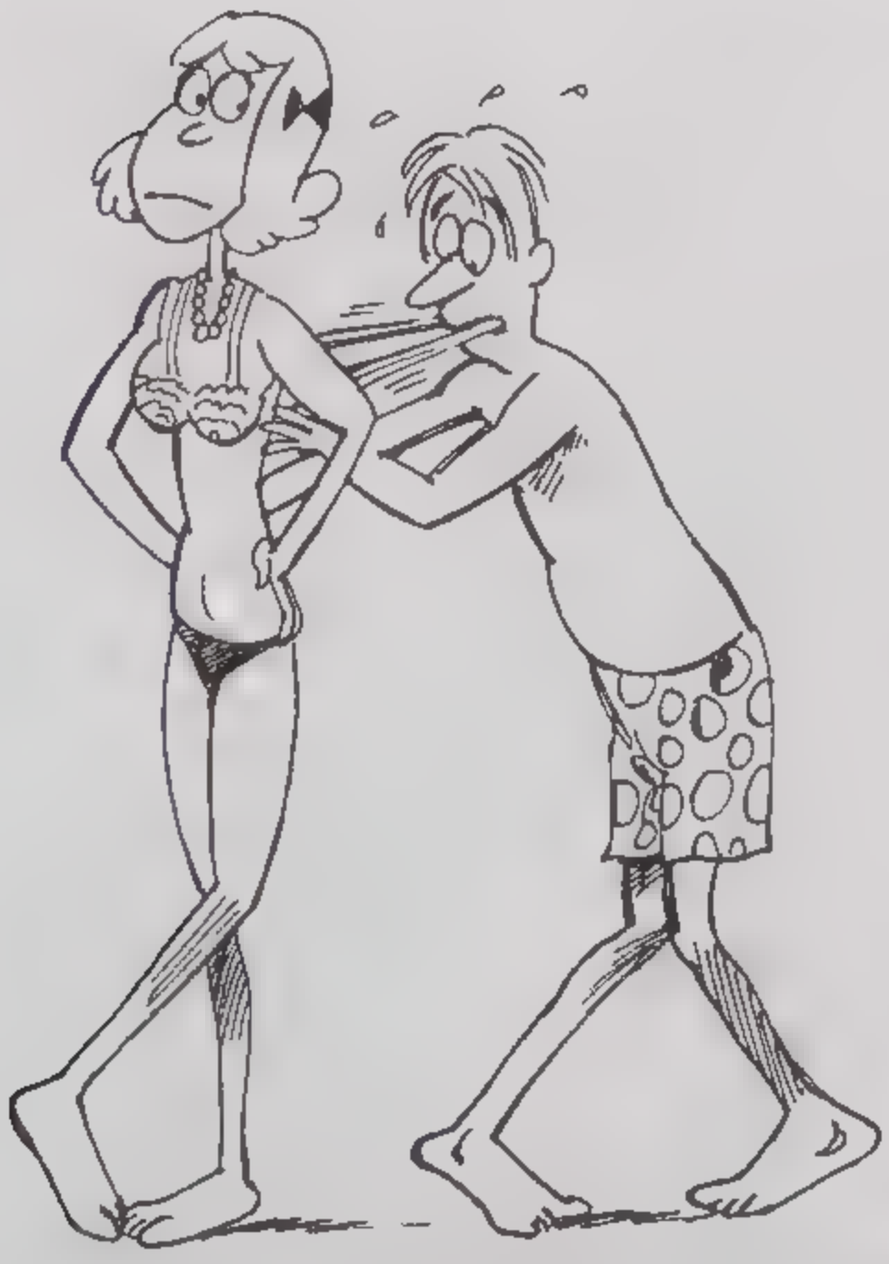
# WHAT UNDRESSING CAN TELL YOU ABOUT YOUR PARTNER

It is a bad sign if once your clothes are removed, your date rolls them into a ball and throws them near the front door. This means your date is shallow, insensitive and only in it for the sex. You can count on being almost anywhere else in the morning.

# WHO SHOULD TAKE THEIR CLOTHES OFF FIRST?

Sometimes it is embarrassing to take off your clothes first. What if the other person laughs? What if the other person gets up and leaves? What if the other person watches you get naked, then says, 'Let's just be friends?"

# WHO SHOULD TAKE THEIR CLOTHES OFF FIRST?



To find out, just answer these questions.

Q: Who should take their clothes off first?

A: The one with the greater need.

Q: How do you tell which one had the greater need?

A: It will be the one who takes off his/her clothes first.

Or you can wait until your partner tears them stitch-by-stitch from your quivering, expectant and lust-crazed body.

# MALE FOREPLAY TECHNIQUES

Beginning male sex partners have three favorite foreplay techniques.

1. Unzipping fly while talking about how big it is.
2. Staring at partner's breasts for twenty minutes.
3. Jumping up and down on the bed.

# MALE FOREPLAY TECHNIQUES

More advanced male foreplay techniques include:

1. Carefully folding the underwear to hide the stains.
2. Parading nude in front of the mirror while holding the stomach in.
3. Advising his partner on exercises to reduce and firm her thighs and buttocks.

# THINGS MEN SAY DURING FOREPLAY

Why won't you?

Everyone else does it.

You'll get used to it.

I'd do it to you.

# THINGS WOMEN SAY DURING FOREPLAY

I hardly know you.

Yes, yes! Feel. Harder, harder, faster.

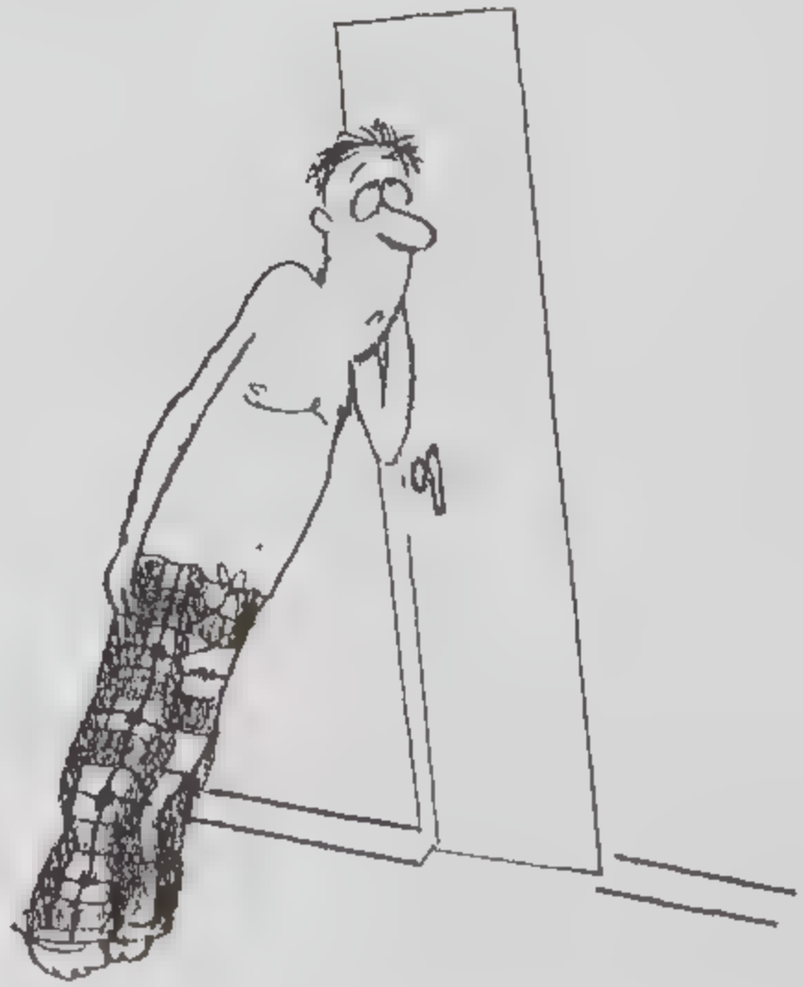
Scratch my butt, scratch my butt.

A little higher. A little to the left.

Don't touch me there.

# WHY WOMEN GO INTO THE BATHROOM AND RUN THE WATER

Frequently, just before they have sex, many women will excuse themselves, go into the bathroom and run the water for fifteen minutes. Many men wonder why women are doing this. "Why are you doing this?" many men will shout, trying to be heard over the sound of the running water. "Is it something I've done? Is it something I've said? What is taking so long?" Frequently, it is nothing the man has done or said. Frequently, the woman is in the bathroom running the water for such a long time for one of five reasons.



# WHY WOMEN GO INTO THE BATHROOM AND RUN THE WATER

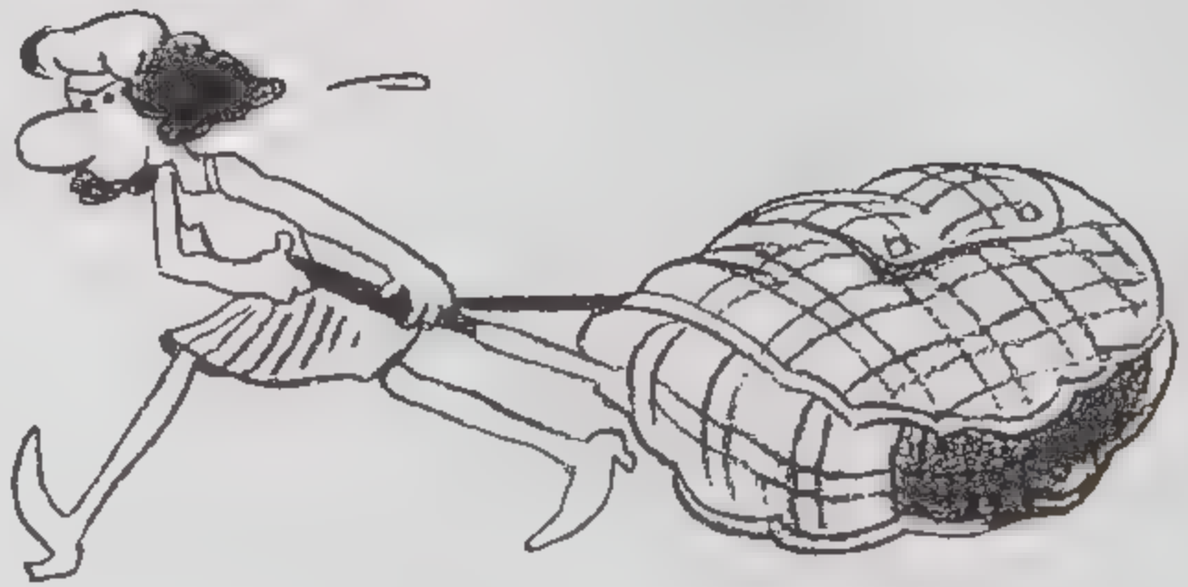
1. She is trying to insert a protective device and it is squirting around the bathroom like a flying saucer.
2. She is taking a bath.
3. She is trying to decide whether she is betraying her mother and is just running the water to camouflage the embarrassing silence.
4. She is trying to decide whether the man is sincere and is just running the water to camouflage the embarrassing silence.
5. She is trying to decide how she will rearrange the man's apartment.

# WHAT WOMEN SHOULD ALWAYS TAKE WITH THEM INTO THE BATHROOM

When a woman goes into the bathroom before sex, she should always take certain things with her, just in case.

**She should always take:**

a diaphragm
a change of underwear
a box of Tic-Tacs
a good novel
a Coleman stove
a rope ladder
a flare gun
a roach motel
a silver cross and a garlic necklace
a portable telephone
her analyst's phone number



# SHOULD YOU EVER REMOVE YOUR MAKEUP?

Many women go into the bathroom to get ready for sex and wonder if they should remove their makeup. "Gee," they wonder, "I wonder if a 'natural look' would appeal to him?" News flash: If the man wanted a 'natural looking' woman, he would be dating Tugboat Annie. So, unless you want to come out of the bathroom and have the man scream, "Hey, what did you do with my date?!", you should never remove your makeup when you go into the bathroom and get ready for sex.

# WHAT TO SAY DURING YOUR ORGASM

Many beginning lovers feel a loss for words during their orgasm. There is little need for this concern if you remember to memorize the Six All-Purpose Lines listed below.

1. Aaaaarragh.
2. Yesyesyesyes.
3. Fucmefucmefucmefucme.
4. Ooooh Aaaah Ouch.
5. ImcomingImcomingImcoming.
6. LarryLarryLarry
   (Hopefully your partner's name.)

# WHAT TO SAY DURING YOUR PARTNER'S ORGASM

Almost all beginning lovers feel the need to make some sort of statement during their partner's orgasm. The following short list will give you some idea of what to say without disturbing, nay, probably enhancing your partner's enjoyment.

1. Are you done yet?
2. You're hurting me.
3. You're really hurting me!
4. You're doing it wrong.
5. Do you love me?

# WHERE DO FEMALE ORGASMS COME FROM?

- ☐ The vagina
- ☐ The G-Spot
- ☐ The Tooth Fairy
- ☐ A pelvic reaction to screaming obscenities
- ☐ All of the above
- ☐ No one really knows

# WHERE DO MALE ORGASMS COME FROM?

- ☐ Talking dirty in locker rooms
- ☐ Exposing a penis to the air for more than a few seconds
- ☐ 20 seconds of foreplay
- ☐ An active fantasy life
- ☐ A tiny feather implanted beneath the coccyx that wiggles during copulation
- ☐ All of the above

# SOME SEXUAL DEFINITIONS

## A Promiscuous Person

Anyone getting more sex than you are.

## A Nymphomaniac

Anyone who enjoys it more than you.

# SOME SEXUAL DEFINITIONS

## A Frigid Date

Someone you can't turn on.

## Romance and Sex

It is important to understand the difference between Romance and Sex. Romance leads to a meaningful relationship: marriage, diapers, orthodontic bills and dull evenings at home. Sex leads to: tingles of joy, uncontrolled ecstasy, multiple orgasms, a dissolute life style and a reputation that allows you to continue the above for quite some time. Take your pick then follow this list: Romance is touching, nuzzling, stroking, fondling, caressing and love making. Sex is probing, sucking, grabbing, pawing, feeling and screwing.

# HOW TO TELL IF A PARTNER'S HAD AN ORGASM

You should realize that there is no way a man can really tell when a woman has had an orgasm. All girls are taught, when still very young, secret acting techniques by their friends and mothers. The techniques include screaming, hysterical laughing, hyperventilation and other noises to confound all but the most perceptive males and a few gynecologists. A hoodwinked male can, however, make a few informed observations.

**She may have had an orgasm if:**

1. She sleeps soundly and snores like a longshoreman.
2. The lubricating jelly has melted into a puddle.
3. She calls you at work three times the following day.
4. She says you can come now.

# HOW TO TELL IF A PARTNER'S HAD AN ORGASM

Unless you are on a first date, the man, upon orgasm, will immediately roll over and fall soundly asleep. Do not waste your breath talking to him about love, relationships or true happiness.

# A WORD ABOUT QUICKIES

There are lots of things you can do in a minute. You can make rice, play certain waltzes, partially cook a three-minute egg and have an orgasm from a standing start. Personally, I'm not that crazy about rice. I can't dance, and semi-raw eggs turn my stomach. So if someone said to me, "Take a minute and do whatever you want," I know what I'd pick. A quickie.

# A WORD ABOUT QUICKIES

Quickies are an American institution (some experts say that about 89% of the love-making practiced in this country takes the form of a quickie.) Still, quickies have an unwholesome reputation, and it's easy to see why. "I'd like to run off and make love to you," has a different ring than, "I'd like to run off and have a quickie with you." Don't think of quickies as degrading; think of quickies as unleavened sex. After all, they are part of our national heritage.

# WHAT KIND OF PERSON LIKES QUICKIES?

# WHAT KIND OF PERSON LIKES QUICKIES?

It may not be possible to generalize about the kind of people who like quickies because there are so many of them. However, a short but intense scientific survey (which drew to an end when the bar closed) has revealed the following:

# MEN WHO LIKE QUICKIES

Men who like quickies have an intelligence range which starts and stops at dull normal. Possessing low foreheads and the same natural cunning as ferrets, many of these men hold positions in marketing, advertising and, redundantly, as unskilled laborers. Unpoised, average looking and unable to control their bladders when they are excited, men who like quickies are nonetheless not selective when choosing a quickie partner. Known for their bad taste in clothes, men who like quickies almost always have skin problems from excessive contact with polyester.

# WOMEN WHO LIKE QUICKIES

Women who like quickies tend to be large boned and the majority, though unattractive, have the morals of chinchillas. Frequently, women who like quickies are patrons of the medical arts, contributing heavily to the practices of plastic surgeons and electrologists. Many are mouth breathers and have an annoying habit of stroking their body hair during casual conversation. Women who like quickies almost always grunt when they make love, which is never any more than seven or eight times on a slow night.

# LITTLE KNOWN FEMALE SEX GLANDS

## Lundar's Pupick:

This centrally located gland helps suppress itches on your back once your lover has fallen asleep.

## Clipstrap:

Over stimulation of this deep-seated little devil causes the phone to ring in the middle of love-making.

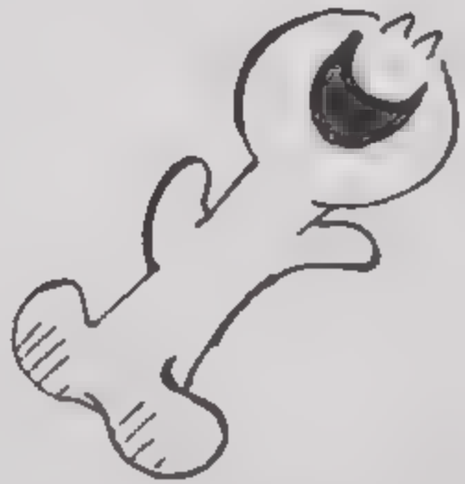
## Mondel:

The excitement of this gland makes it impossible to turn back once you've started making out.

# LITTLE KNOWN FEMALE SEX GLANDS

## Tingle:

No function has been discovered for this protrusion, but many believe it causes lights to dim when gently rubbed between forefinger and thumb.



## Unget:

Find this happy button, which seems to wander around the body's orifices, and multiple orgasms will be a constant reward.

## Deeanne's Doodle:

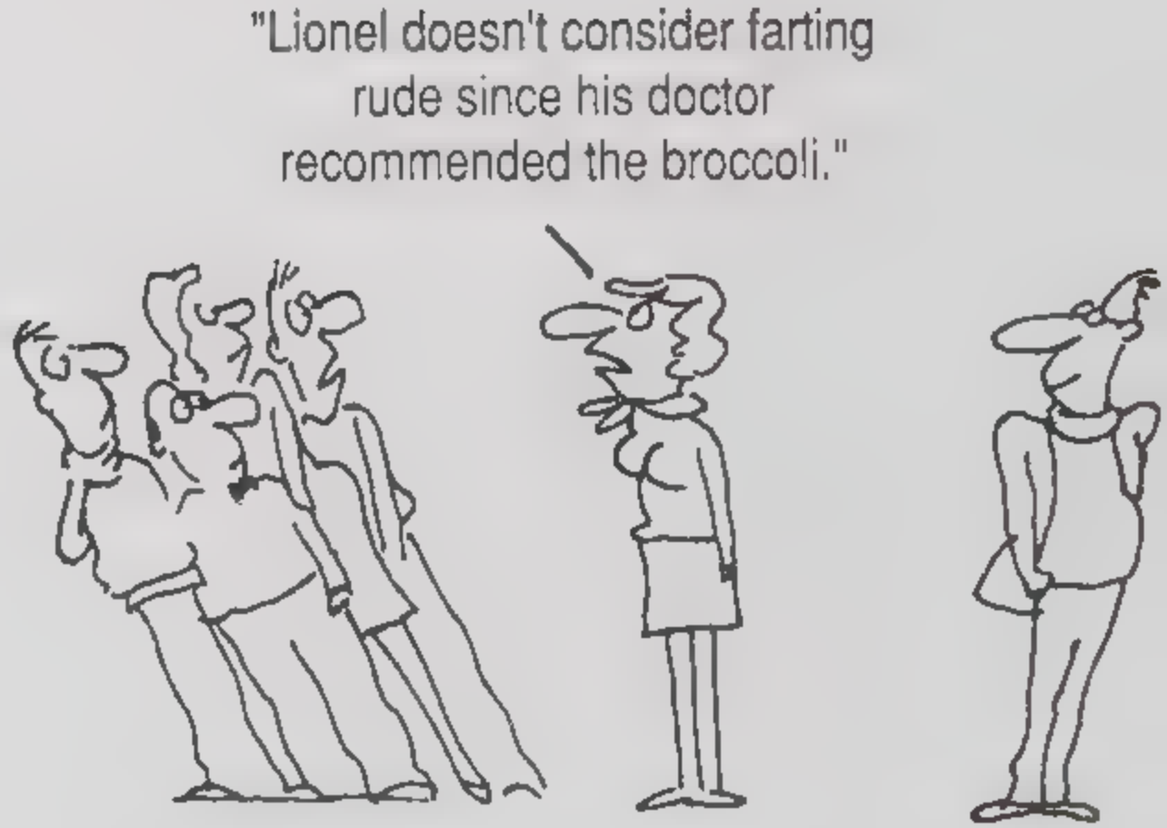
In the presence of alcohol or some recreational chemicals, this recently discovered appendage totally blocks all concepts of normal morality.

# SEX AND DISGUSTING PERSONAL HABITS

Men often exhibit some or all of the following disgusting personal habits:

1. Farting
2. Nose picking
3. Cleaning ears
4. Scratching you-know-where
5. Burping

It is common knowledge that women never commit these loathsome traits even after eating Mexican food or drinking beer. No woman, to the best of my knowledge, has ever farted. It's a woman's job to say, "Oooh, that's disgusting," whenever her partner does them.



# SEX AND DISGUSTING PERSONAL HABITS

Women don't have disgusting habits. They have annoying ones.

1. Reading newspaper articles when you are watching football
2. Humming or laughing when you are reading the sports' section
3. "Oh my"ing when watching TV
4. Crying at silly movies
5. Nibbling the edges of cake just to even them out

While you can't really eliminate these annoying habits, you can control them by distracting her with one of your disgusting habits.

# SHOULD YOU CONSIDER SEX ON YOUR FIRST DATE?

## MEN

You'd better, or she will start spreading rumors that you are gay. This sort of rumor doesn't necessarily have a detrimental effect on your social life. Endless numbers of young women will put themselves out to try to save you from homosexuality. The guys in the locker room, however, will make your life hell.

# SHOULD YOU CONSIDER SEX ON YOUR FIRST DATE?

## WOMEN

Forget it. You want him to respect you in the morning, don't you? However, sex on the first date doesn't really count if:

1. You're saving him from homosexuality.
2. No one will ever find out.
3. It's only a thank you for a really terrific evening.
4. You've had a little too much to drink.
5. It's been a really long time.

# FEELING GUILTY ABOUT SEX

I know it's silly in this day and age, but sometimes women still feel a little guilty about the sex act. The following is a list of ten situations in which you can have sex that even your smart old-fashioned bubby will agree with.

SEX DOESN'T COUNT IF:

1. You're on a foreign vacation.
2. You're in a hot tub or sauna.
3. He's an incredible hunk.
4. No one will ever find out.
5. It's an act of political defiance.

# FEELING GUILTY ABOUT SEX

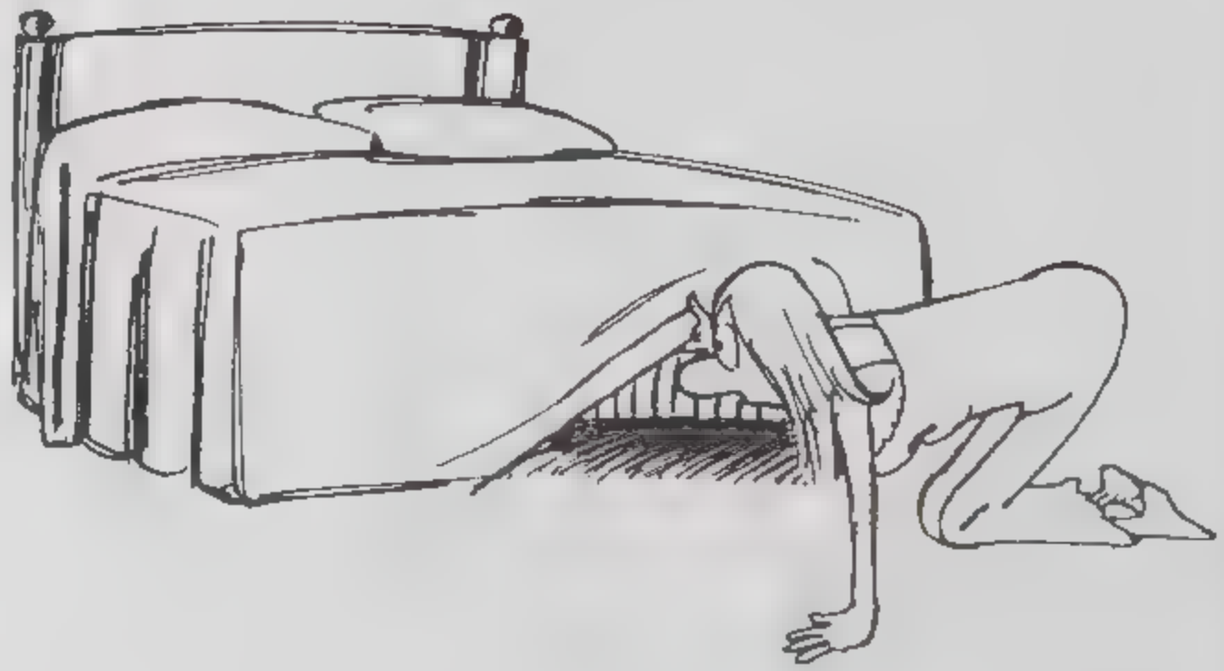
SEX DOESN'T COUNT IF:

6. There is absolutely nothing else to do.
7. You've had too much to drink.
8. You're celebrating a special occasion.
9. It's part of your exercise program.
10. It's been a really long time.

# WHERE TO FIND YOUR VIRGINITY ONCE YOU'VE LOST IT

Once a person has lost their virginity, there is no need to panic or regret the loss. In covering every aspect of Beginner's Sex, we have helpfully listed the ten most likely places you can look for your lost virginity.

1. In the back seat of a lover's car.
2. Under an alcoholic haze.
3. Beneath snuggle quilts on cold nights.
4. Mixed with the cushions of couches.
5. Under the stars on warm summer evenings.



# WHERE TO FIND YOUR VIRGINITY ONCE YOU'VE LOST IT

6. Around the sand dunes of beach parties.
7. On top of rumpled sheets of motel beds.
8. Swinging in hammocks.
9. Behind cartons in stock rooms.
10. Occasionally in airplane lavatories.

# HOW TO DEAL WITH JEALOUS PETS

Some people are very close to their pets. They share the same food; they share the same bed; they even share the same emotions. So it is not surprising that, if you start dating one of these people, the pet will see you as an adversary who is moving in on its territory.

Three things will cross the pet's mind:

1. "Who is this new person?"
2. "How can I hurt this new person?"
3. "How can I make this new person leave?"

You have to be prepared to deal with this.

# HOW TO DEAL WITH JEALOUS PETS

There are two ways to deal with a jealous pet.

First, you can try to win the pet over by paying special attention to it. You can rub its belly, say nice things, give it gifts, get down on the floor and play with it, nuzzle its ear, pat its rump, gently stroke its whiskers, ask it to gently stroke your whiskers, pledge your fidelity, go dining and dancing, select a china pattern, then drive to the beach and watch the sun come up, hand in paw.

Or, you can wait until your date leaves the room, then cram the pet into the toilet bowl.

# TYPES OF WOMEN TO AVOID

It is best for inexperienced lovers to avoid women who say things like:

You are a very sick person.

I'm not ready for a serious relationship.

Don't touch me there.

I'll have to ask my mommy.

Is that your whole paycheck?

# TYPES OF WOMEN TO AVOID

And those who say things like:

Don't you ever do that to me again.

You have WHAT?

The doctor says I should be clean by now.

Have you ever done it with sheep?

It's my husband!

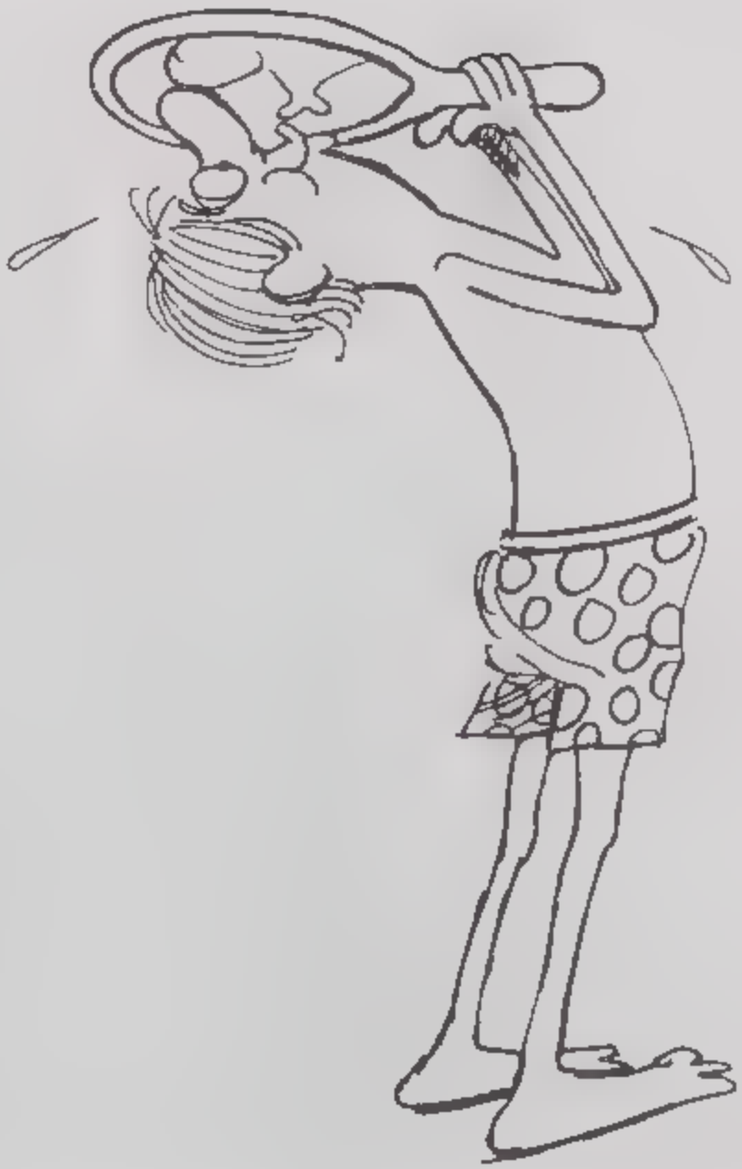
# TYPES OF MEN TO AVOID

Sex is tough enough without having an incompetent partner. Avoid these types:

## The Inept

The Inept has trouble opening flies and zippers; unhooking bras is totally beyond this fellow. He wears loafers because he can barely tie a shoelace. He squeezes when he should caress, and pokes when he should fondle. There is no way you can learn about sex with this fellow, as he can hardly get your clothes off.

# TYPES OF MEN TO AVOID



## The Inconsiderate

The inconsiderate lover is only interested in himself. You can sleep with him for years, or your entire life, and stay a virgin, much less reach a climax. Not only can't he find the G-Spot, he doesn't know of the existence of the clitoris.

# TYPES OF MEN TO AVOID

## The Unimaginative

This fellow makes love in exactly the same manner every time. Should you fail to find fulfillment the first time, it is likely to continue forever. He thinks foreplay consists of telling dirty jokes, but he can rarely remember the punch line.

# TYPES OF MEN TO AVOID

## The Unable

The Unable can't. He will blame it on childhood, on diet, on stress and on you, but he still remains the main reason. There is a need for sex manuals like this one.

# SEX WITH PEOPLE WHO ARE DIFFERENT

Foreigners and people of different colors, religions and backgrounds will make exciting and enlightening sex partners. They will broaden your understanding of the human race while they turn your parents into neurotic maniacs. If possible, it's best not to tell your parents about these partners, especially if they are also married or the same sex as you.

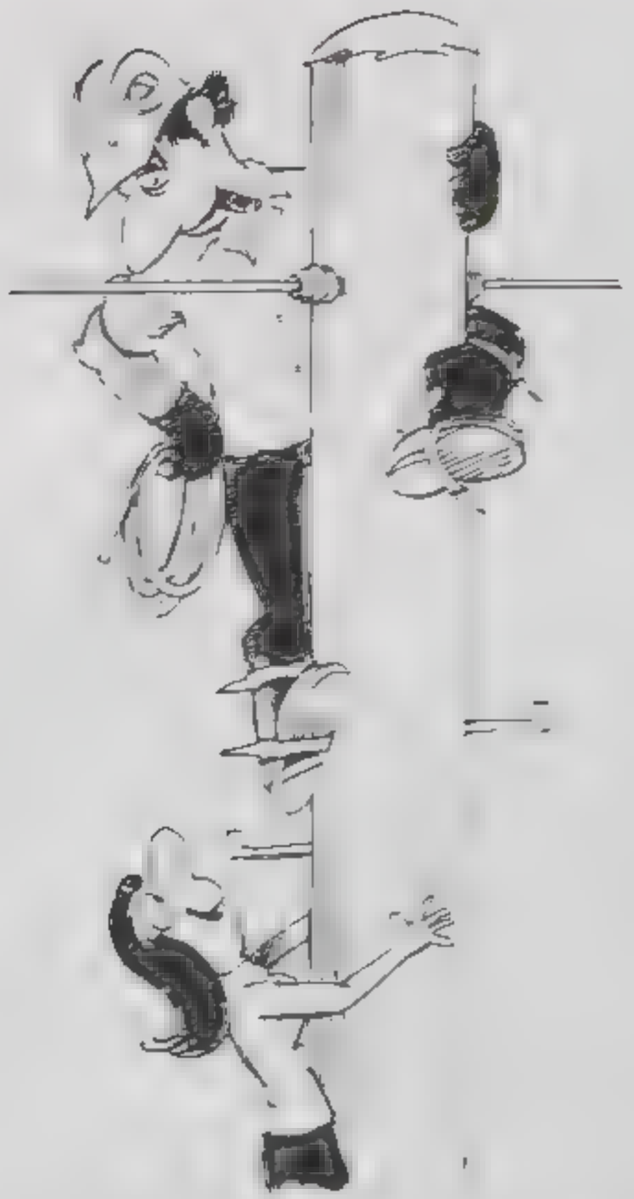
# SEX WITH PEOPLE WHO ARE DIFFERENT

Having sex with strange and foreign people is pretty much the same as having sex with real people except they may have hard to pronounce names and unusual and interesting sex customs and diseases. Always see your doctor after having sex with foreigners.

# HOW TO TELL IF IT'S A MEANINGFUL RELATIONSHIP

## WOMEN

it's a meaningful relationship if: He's not gay. He doesn't live with his mother. He earns something over the minimum wage. He once read seven pages of a sex manual and understands that foreplay involves more than unzipping his pants. He stops looking at other women long enough to carry on fragments of a conversation.



# HOW TO TELL IF IT'S A MEANINGFUL RELATIONSHIP

**MEN**

It's a meaningful relationship if she's as horny as you.

# SEX WHEN DRUNK

## Advantages

Women can be relaxed enough for great orgasms and men numb enough to go on forever.

You have no guilty feelings

You can have sex with people you would never dream of when sober

# SEX WHEN DRUNK

## Disadvantages

You can't remember the good parts.

You can't find your clothes.

When sober, you can't believe the extent to which you've debased yourself.

# SETTING FIRST NIGHT LIMITS

As you are introduced to sex, you want the experience to be perfect. You want to draw boundaries outside of which it would not be appropriate to venture, so as not to reveal the true nature of your depraved self. What shoJla these boundaries be? We bel'eve there are six boundaries outside of which it would not be appropriate to venture with a new partner.

# SETTING FIRST NIGHT LIMITS

When you are having first-time sex, there are six things you should not do.

You should not:

1. Pause in the middle of the love act and ask your new lover to cosign a mortgage.
2. Scream out someone else's name many, many times.
3. Beg to be spanked with a wonder bra.
4. Involve a third party who is not of your species.
5. Ask an independent panel of neighbors to rate your performance.
6. Let your partner hear the men behind the one-way mirror changing the film in the camera.

# WHEN IT'S OVER—
# HOW TO LEAVE IN THE MIDDLE OF THE NIGHT

1 "I've got an early morning squash game."
2 "I only like my own shower."
3 "I don't have my contact lens case with me."
4 "There's no time left on my parking meter."
5 "My wife and children will be wondering where I am."

# WHEN IT'S OVER—
# HOW TO BE SURE YOUR PARTNER WILL LEAVE

1. The minute your partner gets up to go to the bathroom, remake the bed.
2. Say to your partner, "I don't want the cleaning lady to see you in the morning."
3. Say to your partner, "You know, this is my first time with a pro."
4. Use the words, "love," "commitment" and "it doesn't have to be a big wedding," in the same sentence.
5. Stand by the front door tapping your foot impatiently and flashing your partner the international gesture of disrespect.
